

## IBM Storage Software Suite 1.5

Published date : December 8, 2025

Online version : <https://www.ibm.com/terms/?id=L-TVNG-4T5TED&lc=en>

### LICENSE INFORMATION

The Programs listed below are licensed under the following License Information terms and conditions in addition to the Program license terms previously agreed to by Client and IBM. If Client does not have previously agreed to license terms in effect for the Program, the International Program License Agreement (i125-3301-15) applies.

Program Name (Program Number):

IBM Storage Software Suite 1.5 (5725-Y36)

IBM Storage Software Suite Volume Part 1.5 (5725-Y36)

The following standard terms apply to Licensee's use of the Program.

### Bundled Programs

Licensee is authorized to install and use the Bundled Programs identified below. A Bundled Program may be accompanied by license terms, and those terms, if any, apply to Licensee's use of that Bundled Program. In the event of conflict, the terms in this License Information document supersede the Bundled Program's terms. The Principal Program and any Bundled Programs are all part of the Program, as a whole. Therefore, Licensee must obtain sufficient entitlements to the Program, as a whole, to cover Licensee's installation and use of all of the Bundled Programs, unless separate entitlements are provided within this License Information document. For example, if this Program were licensed on a VPC (Virtual Processor Core) basis and Licensee were to install the Principal Program or a Bundled Program on a 10 VPC machine and another Bundled Program on a second 10 VPC machine, Licensee would be required to obtain 20 VPC entitlements to the Program.

### Bundled Programs:

IBM Spectrum Control 5.4.13

IBM Storage Archive Enterprise Edition, Version 1.3.4 (Linux edition)

IBM Storage Protect Suite 8.2.0

IBM Storage Scale Data Management, Erasure Code, & Data Access Editions 6.0.0.0

IBM Cloud Object Storage System, Version 3.19.0 and FIPS 3.19.0

IBM Storage Virtualize Software for SAN Volume Controller, Version 9.1.0

### Separately Licensed Code

Each of the components listed in the NON\_IBM\_LICENSE file is considered "Separately Licensed Code" licensed to Licensee under the terms of the applicable third party license agreement(s) set forth in the NON\_IBM\_LICENSE file(s) that accompanies the Program, and not this Agreement. Future Program updates or fixes may contain additional Separately

Licensed Code. Such additional Separately Licensed Code and related licenses are listed in the applicable NON\_IBM\_LICENSE file that accompanies the Program update or fix.

Note: Notwithstanding any of the terms in the third party license agreement, the Agreement, or any other agreement Licensee may have with IBM, with respect to the Separately Licensed Code:

- (a) IBM provides it to Licensee WITHOUT WARRANTIES OF ANY KIND AND DISCLAIMS ANY AND ALL EXPRESS AND IMPLIED WARRANTIES AND CONDITIONS INCLUDING, BUT NOT LIMITED TO, THE WARRANTY OF TITLE, NON-INFRINGEMENT OR NON-INTERFERENCE, AND THE IMPLIED WARRANTIES AND CONDITIONS OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE;
- (b) IBM is not liable for any direct, indirect, incidental, special, exemplary, punitive or consequential damages including, but not limited to, lost data, lost savings, and lost profits.

The following units of measure may apply to Licensee's use of the Program.

#### Terabyte

Terabyte is a unit of measure by which the Program can be licensed. A Terabyte is 2 to the 40th power bytes. Licensee must obtain an entitlement for each Terabyte available to the Program.

Instead of the entitlements required for the Program directly, Licensee must obtain Terabyte entitlements for this Program sufficient to cover the Terabytes managed by the Program.
